Please enclose payment with your order.

Block wrap order prices are based on item being collected. Delivery is not included but can be arranged. Please give us a call before placing your order, if you have delivery requirements.

A typical turnaround on a block wrap order is 4 weeks but this time may extend around Christmas, New Year or peak periods if the lab is especially busy.

¹ When writing a description of the image, please use a description to distinguish it from other images, to help us with double checking and cross referencing, e.g. "statue in top left corner" is more useful than "bride and groom" as there are typically many pictures of a bride and groom amongst wedding pictures.
