

Stockholm Mini & Stockholm Mini-Jazz

This small, contemporary, aluminium album makes for a very stylish 'parent', 'family' or satchel size, portable album, to compliment your main album.

The album has great strength in its flexibility. Internal bolts can be added or removed, so that the album looks just right, whether you choose 20 images or 80 images.

Pages come in a natural watercolour (cream) finish and the cover comes in two styles:

* Stockholm mini
(square window, revealing a section of the picture on your 1st page)

and

* Stockholm mini-jazz
(slatted opening, as in this picture)

As standard, this album comes with 20 images at 7"x5"/7.5"x5"

£195

Further pages may be added, at £10 each.
